CHETHARA HERATH

SOFTWARE ENGINEERING INTERN | FULL-STACK, MOBILE & AGILE DELIVERY

Gampaha / Colombo, Sri Lanka | +94 77 643 2400 | chetharaherath@gmail.com | github.com/chetharaherath-creator | linkedin.com/in/chethara-herath

PROFESSIONAL SUMMARY

Software Engineering undergraduate at the University of Staffordshire (APIIT) with hands-on expertise architecting full-stack web, mobile, and cloud applications. Proven versatility bridging production engineering (React 19, Laravel 12, Flutter, Node.js) with Agile Scrum delivery (elected Scrum Master for Altrium with 100% on-time velocity), UML business analysis, and graphic design finesse (IMBS Diploma). Passionate about building reliable, human-centric software solutions.

TECHNICAL SKILLS

Programming Languages:	JavaScript (ES6+), PHP, Dart, Python, Java, C#, SQL (MySQL), HTML5, CSS3
Frameworks & Runtimes:	React 19, Node.js (Express 5), Laravel 12, Flutter, Tailwind CSS, Vite
Cloud & Databases:	Firebase (Cloud Firestore, Authentication), MySQL (Sequelize, Eloquent), AWS, Railway Cloud
Tools & Engineering:	Git & GitHub, Postman, Agile/Scrum (Jira), UML Class/Sequence Modeling, RESTful APIs
UI/UX & Graphic Design:	Figma (Interactive Systems), Adobe Photoshop, Illustrator, InDesign, CorelDRAW (IMBS Diploma)

FEATURED ENGINEERING PROJECTS

Performance Tracker for Altrium - *Enterprise Employee Review & PIP System* **4 Months | 2 Agile Sprints**

React 19, Node.js, Express 5, MySQL (Sequelize), Tailwind CSS, JWT Auth, Agile Scrum

- Served as **Developer & Business Analyst in Sprint 1** (authored SRS user stories, acceptance criteria, and UML models) and elected **Scrum Master in Sprint 2**, leading daily standups and burndown tracking to achieve 100% on-time delivery.
- Engineered a granular **6-role permission architecture** (Admin to Employee) with secure JWT tokens, bcrypt password hashing, and evidence file upload handling for employee performance reviews and PIP tracking.

Mint. - Personal Task & Goal Engine - *Full-Stack Web Application* **Production Deployed**

PHP, Laravel 12, Laravel Herd, Tailwind CSS, MySQL, Eloquent ORM, Railway Cloud

- Architected a minimalist task productivity system supporting daily, monthly, and yearly goal lifecycle tracking across Personal, Work, Study, and Health categories with automated completion rate analytics.
- Implemented relational database schemas using Laravel migrations and Eloquent ORM; deployed the production application to **Railway Cloud** with environment security governance.

SweetBake - Dessert Recipe & Discovery App - *Native Android Mobile Application* **Android OS**

Flutter, Dart, Google Cloud Firestore, Firebase Authentication, External REST API, Material Design 3

- Built a native Android mobile platform integrating **Firebase Authentication** and real-time **Cloud Firestore** synchronization for user-owned recipe catalogs, preparation guides, and ingredient checklists.
- Integrated an external dessert REST API with live keyword searching and categorized filter tabs (Cakes, Cookies, Cheesecakes), alongside camera and local gallery photo upload permissions.

EDUCATION

Bachelor of Engineering (BEng Hons) in Computer Software Engineering **2024 - 2028 (Undergraduate)**

University of Staffordshire (APIIT Sri Lanka)

Key Coursework: Advanced Programming, Data Structures & Algorithms, Cloud Infrastructure, Interface Design & UX, Distributed Systems, Computer Architecture.

GCE Advanced Level - Physical Science Stream **Completed 2023**

Holy Cross College, Gampaha • Combined Mathematics, Physics, Chemistry

CERTIFICATIONS & LEADERSHIP

- **Agile Scrum Master & Developer** - Altrium Project (100% on-time velocity)
- **School Taekwondo Team Captain** - Holy Cross College (Discipline & Resilience)
- **Frontend Certification (React)** - Skyrec (2026)
- **Java Architecture Certification** - Epic Learn Platform (2025)
- **Diploma in Graphic Design** - IMBS Green Campus (2018)
- **CIMA Strategic Studies (Coursework)** - Wisdom Business Academy (2024)

LANGUAGES & ADDITIONAL DETAILS

- **English:** Professional Working Proficiency
- **Sinhala:** Native / Bilingual Proficiency
- **Availability:** Immediate / Software Engineering Internship
- **Work Authorization:** Citizen of Sri Lanka (Open to Hybrid / Remote)
- **Secondary Education:** GCE O/L (2019) - Holy Cross College, Gampaha
